

Current report No. 72/2021

The impact of the SARS-CoV-2 coronavirus and COVID-19 cases on the operations of the Stalexport Autostrady S.A. Capital Group - information update

With reference to the report No. 18/2020 of March 23, 2020 and No. 2/2021 of January 11, 2021, the Management Board of Stalexport Autostrady S.A. with its registered office in Mysłowice ("Issuer"), informs about the impact of the spread of the SARS-CoV-2 coronavirus and COVID-19 cases on the traffic dynamics on the A-4 Katowice-Kraków motorway in 2021 on a weekly basis compared to the corresponding periods of the year 2020 and 2019.

At the same time, the Issuer's Management Board informs that due to the recently observed lack of a significant impact of the spread of the SARS-CoV-2 coronavirus and COVID-19 cases on the weekly traffic dynamics on the above-mentioned section of the A4 motorway, and thus no significant impact on the operating and financial results, as well as on the activities of the Capital Group of Stalexport Autostrady S.A., the premises for publishing weekly reports on this subject have ceased to exist. The last weekly report on the dynamics of traffic will be published by the Issuer on January 3, 2022.

In the event of significant changes in traffic or other new circumstances affecting the operating and financial activities of the Capital Group of Stalexport Autostrady S.A., the Issuer will inform about them in current reports immediately after their occurrence.

Traffic performance on the A4 Katowice-Kraków motorway in 2021

Change compared to the corresponding period of 2020 and 2019 [%]	Light vehicles		Heavy vehicles		Total
